Hand Sanitizing Dispenser Display

Waterproof Pro-cap Touch Screen

Our professional Pro-Cap touch screen get fast response and high precision performance, but the cool thing is it works great even with water on it!

Network CMS Upgrade

If standalone version can't meet your demand, we also can provide our cloud based CMS as well!

Touchless Dispensing

For the human public safty consideration, we made a motion sensor inside our hand sanitizing dispenser is real touch less.

Low Sanitizer Warning

There is a LED indicator light on the side of the screen to inform the user for our standalone version, but more cool thing is the CMS system can send the warning email to any specified address on our Internet version.

HDMI Input Support

High definition HDMI connector support 1080P content input, no headache for different demands from your client anymore.

Dual Pump

We provide two pumps which supports spraying and drops.

IPS Panel

Superior image quality and colour depth at 178° ultra wide portrait orientations.

LED Backlight

Improves brightness and contrast as well as improving their lifespan and reducing their power consumption. Unlike other forms of light this technology is mercury free; making it even more eco-friendly. The panel and backlight have a lifespan in excess of 60,000 hours.

| Auto dispense of Sanitizer | Touch Screen Upgrade | Integrates Wi-Fi | HDMI Input | Free Scheduling Software | IPS panel Technology | LED Backlight | 24/7Usage | Free Wall Mount | Integrated Dual OS |

Product Advantages

21.5 inch Hand Sanitizing Dispenser support both VESA wall mount and floor standing installation. Auto dispenser function, it's convenience use for anyone and any public places. Help people keep their hands clean and keep safe.

Product Features

Touchless

Auto dispensing function
