

Technical Data

Vehicle Applicable

Power supply
110V/220V/50~60Hz

Power 40W

Air Input Pressure
≤145Psi/10Bar

Air Output Pressure
4.5Bar/65Psi(Safety Pressure)

Operation Temp
-20℃~+70℃

Measuring Range
5~110Psi/0.3~8Bar

Accuracy
±0.5Psi/0.03Bar

Display Mode
LED

Dimension
301: 620X350X180 (mm)
302: 1350X400X300(mm)

Net weight
301: 6.5KG 302: 12KG

Packing size
301: 730X435X250(mm)
302: 1390X420X380(mm)

Gross weight
301: 8.3KG 302: 15KG

CE conformance

- Automatic identification and adjustment for required pressure.
- High precision testing device.
- Unique pressure sensor and encapsulation technics.
- Exclusive super large LCD display.
- Human-based design, easy and simple to handle.
- Adopts safety pressure setting device.
